Offer Description

The Atlantic International Research Centre (AIR Centre) in collaboration with the European Polar Board (EPB) and the Portuguese Polar Program (PROPOLAR) opens an International Call for **5 (five)** PhD grants from a set of six available themes within the topic "Preservation and restoration of Polar marine and coastal ecosystems and biodiversity" complying with the provisions of the [FCT Regulation for Research Studentships and Fellowships](#) (RBI) and [the Research Fellowship Holder Statute](#) (EBI):

- Long-term assessment of the role of cephalopods in the diet of wandering albatrosses in the Southern Ocean: implications in Antarctic conservation policies
- Spatial ecology of juvenile and immature black-browed albatrosses, with relevance for marine spatial planning and for the potential spread of pathogens
- Comparative evolutionary ecotoxicological adaptations to anthropogenic disturbance in sea anemones from the Antarctica and the deep sea
- Marine Spatial Planning in the Antarctic Region
- NitrOnICE - Decipher Climate Change Impacts on the Arctic Ocean Nitrogen Microbiome
- Atmospheric rivers role in extreme temperatures and precipitation and potential effect on microbial biodiversity on the Antarctic Peninsula

The grants will be financed by the Foundation for Science and Technology (FCT) under the Collaboration Protocol signed between the FCT and the AIR Centre.Cal

APPLICATION

The call is open from **April 10rd to May 31th 2023 (23:59 Lisbon Time)**

Applications, and all the supporting documents described in the RBI and in this Notice of the Call, must be submitted online using the appropriate application form available at <https://www.aircentre.org/Scholarship/> Applications submitted by other means will not be accepted.

All the application procedures, including submission, evaluation, results communication, preliminary hearings, are performed online.

Each applicant may apply to up to three themes, ranking the order of preference. For a given theme, the candidate may submit only one application under penalty of cancellation of all submitted applications

Providing false declarations or committing acts of plagiarism by applicants leads to the exclusion of the application without prejudice of taking other corrective and punitive disciplinary measures.

For more details about applicant admissibility requirements or applications evaluation process of the Scholarships visit <https://www.aircentre.org/Scholarship/>

Requirements

Research Field	Biological sciences » Biodiversity
